

Association of Boards of Certification Program (ABC)

The Association of Boards of Certification Program (ABC) administers their exams with either paper format or computer-based delivery. The ABC web site is <http://www.abccert.org>.

DANTES TCOs may administer the ABC exams. The ABC is an international organization of over 60 environmental control certifying authorities from throughout the United States and Canada. ABC offers four levels of operator examinations (Class I, II, III, and IV). Each examination contains 100 multiple-choice questions selected according to the test specifications.
