

American Nurse Credentialing Center (ANCC)

The American Nurses Credentialing Center (ANCC) administers their exam with either paper format or computer-based delivery. For more information on computer delivery of ANCC examinations, refer to <http://www.nursecredentialing.org/cert/examdates.html>. The ANCC web site is <http://www.ana.org/ancc/>.

DANTES TCOs may administer ANCC exams in paper format. ANCC computer exams are provided through Prometric. Certification is a voluntary program originally developed by the American Nurses Association (ANA) and continued through ANCC. The certification process entails meeting educational and/or practice requirements in a given specialty area and passing a written examination. The certification examinations are based upon nationally recognized standards of nursing that cover knowledge, understanding, and application of professional nursing theory and practice. Examinations are available every business day at Prometric Centers. Please log onto <http://www.prometric.com>.

<u>Type of Certification</u>	<u>Exam Date</u>	<u>Registration Date</u>	<u>Fees*</u>	<u>DEPH Chapter</u>
Nurse Practitioners: Acute Care NP Adult NP Adult Psychiatric & Mental Health NP Diabetes Management – Advanced Family NP Family Psych & Mental Health NP Gerontological NP Pediatric NP School NP	Test on demand	No Specific	\$270 (M), \$390 (NM)	http://www.dantes.doded.mil/DANTES_web/library/docs/deph/part3/ANCC.pdf
