

Society of Broadcast Engineers (SBE)

The Society of Broadcast Engineers (SBE) administers their exams with a paper format. The SBE web site is <http://www.sbe.org/>.

DANTES TCOs may administer these exams. The Society of Broadcast Engineers Certification Program has been established to recognize and raise the professional status of broadcast engineers by providing standards of professional competence. There are eight (8) engineering certifications, two (2) operator certifications and one (1) broadcast networking certification - each to be valid for a period of five (5) years. There are also three (3) specialist certifications to establish a benchmark of individual strengths for those already certified at specific levels. The certification designations are as follows.

<u>Type of Certification</u>	<u>Exam Date</u>	<u>Registration Date</u>	<u>Fees*</u>	<u>DEPH Chapter</u>
Operator Level:				
Certified Radio Operator (CRO)	Test on demand	60 days prior to test date	\$45 (M), \$45 (NM)	http://www.dantes.doded.mil/Dantes_web/library/docs/d_eph/part3/SBE.pdf
Certified Television Operator (CTO)			\$49 (M), \$49 (NM)	
Broadcast Networking:				
Certified Broadcast Networking Technologist (CBNT)			\$55 (M), \$121 (NM)	
Engineering Level:				
Certified Broadcast Technologist (CBT)			\$45 (M), \$111 (NM)	
Certified Audio Engineer (CEA)			\$60 (M), \$126 (NM)	
Certified Video Engineer (CEV)			\$60 (M), \$126 (NM)	
Certified Broadcast Radio Engineer (CBRE)			\$60 (M), \$126 (NM)	
Certified Broadcast Television Engineer (CBTE)			\$60 (M), \$126 (NM)	
Certified Senior Broadcast Radio Engineer (CSBRE)			\$85 (M), \$151 (NM)	
Certified Senior Broadcast Television Engineer (CSBTE)			\$85 (M), \$151 (NM)	
Certified Professional Broadcast Engineer			\$110 (M) \$176 (NM)	
Specialist Certifications:				
Certified 8-VSB Specialist (8-VSB)			\$55 (M), \$121 (NM)	
Certified AM Directional Specialist (AMD)			\$55 (M), \$121 (NM)	
Certified Digital Radio Broadcast Specialist (DRB)			\$55 (M), \$121 (NM)	

*Member (M), Non-member (NM)
