

Troops to Teachers

State Grant Offices

The Troops to Teachers (TTT) program provides counseling and support that enables America's service members and veterans to begin a rewarding second career in teaching. TTT services help to fill K-12 teacher vacancies throughout the United States and U.S. territories. The TTT Program Office and state grantee offices provide TTT participants assistance with:

- Navigating a pathway to state teacher certification and licensing requirements
- Finding employment as a teacher, when eligible
- Individualized counseling and informed guidance
- Transcript evaluation

Visit www.proudtoserveagain.com, select your state of interest, and click on Program Counselor for contact information.

- * services provided by TTT Program Office
- * services provided by state grant office

Begin your next life-changing mission. Become a teacher. Skills you learned in the military, like leadership, discipline, and the ability to thrive in an ever-changing environment are a natural fit for the K-12 classroom.
